+91-8769305414 — abhaypratapsingh.2022@vitbhopal.ac.in — LinkedIn — GitHub

Education

Vellore Institute of Technology, Bhopal, India
CGPA: 7.96

Graduating May 2026 (Expected)

Technical Skills

Programming Languages: Python, C++, JavaScript

Web Development (MERN): HTML, CSS, React.js, Node.js, Express.js, MongoDB

Cloud Platforms: AWS (EC2, S3, DynamoDB, IAM, Elastic Beanstalk, Lambda, VPC)

Tools: Git, GitHub, Postman, Linux, VS Code

Projects

AWS Cloud Internship (AWS Academy)

May 2023 – Jul 2023

- Provisioned AWS EC2, S3, DynamoDB, IAM, and ELB for 500+ simulated users.
- Automated deployments with AWS CDK and Elastic Beanstalk, reducing setup time by 40%.
- Designed multi-tier architectures aligned with AWS Shared Responsibility Model, improving compliance by 30%.

Web Development Internship (Full Stack)

Jan 2023 – Apr 2023

- Built and deployed 3 responsive MERN applications with secure authentication for 1,000+ users.
- Optimized MongoDB queries and refactored backend, reducing response time by 25%.

Image Privacy System

2023

- Automated face detection and anonymization using Python & OpenCV with 95% accuracy.
- Integrated AWS S3 for secure storage of 1,000+ processed images with zero data loss.

Criminal Detection System

2023

- Trained TensorFlow/Keras models achieving 90% recognition accuracy.
- Deployed real-time pipeline reducing manual image screening by 60%.

Recipe Generation from Food Images

2024

- Designed CNN-based ingredient recognition model over 10,000+ images with 92% accuracy.
- Generated 500+ unique recipes combining CV outputs with NLP-driven generation.

Activities

Active participant in coding clubs, hackathons, and cultural events at VIT Bhopal.

Participated in 5+ hackathons and represented VIT Bhopal Dance Club in cultural festivals.

Certifications

- NPTEL Cloud Computing
- NPTEL Marketing Analysis
- The Bits and Bytes of Computer Networking
- MATLAB
